```java
package Assign_2;

public class Word {
  private String word;
  private int freq;
  public Word( String a, int b)
  {
   word = a;
   freq = b;
  }//constructor
  public String getWord()//to get a real word
  {
   return word;
  }
  public int getFreq()//to get the frequence of each word
  {
   return freq;
  }
  public int theFreq(int a)
  {
      freq = a;
   return freq;
  }
}
//xinan wang NO.5535802
```
